Of control of a Cable Landing License)	

ERRATUM

Released: September 22, 2000

By the Chief, Telecommunications Division, International Bureau:

This Erratum corrects the *Memorandum Opinion and Order* in the above captioned proceeding, DA 00-2107, which was released on September 18, 2000. The caption of the *Memorandum Opinion and Order* erroneously refers to File Number SCL-T/C-20000502-00016, which is the file number of a related application for the *nunc pro tunc pro forma* transfer of control of ARCOS-1 USA, Inc. to New World Network Ltd. In addition, the ordering clause at paragraph 12 of the *Memorandum Opinion and Order* incorrectly identifies the file number as ITC-T/C-20000428-00015.

The correct file number appears in the description of the application at footnote four of the *Memorandum Opinion and Order*.

We correct these errors by deleting file number SCL-T/C-20000502-00016 from the caption of the *Memorandum Opinion and Order* and by deleting file number ITC-T/C-20000428-00015 from paragraph 12 of the ordering clause and substituting file number SCL-T/C-20000428-00015 in their place.
